PURCHASING

The Board declares its intention to purchase competitively without prejudice and to seek maximum educational value for every dollar expended.

The acquisition of supplies, equipment, and services will be centralized in the business office, which functions under the supervision of the Superintendent, and through whose office all purchasing transactions are conducted.

The Board assigns the Superintendent the responsibility for the quality and quantity of purchases made. The prime guidelines governing this responsibility are that all purchases fall within the framework of budgetary limitations and that they be consistent with the approved educational goals and programs of the district.

The Business Administrator and/or designee shall be responsible for all phases of purchasing in accordance with Board Policy; for requisitions, current order purchasing, writing of specifications for bids, deliveries, storage, and other tasks related to the purchases, acceptance and distribution of supplies.
